Ernesto Gismondi  
↪ 2013

The father of Artemide, Ernesto Gismondi propelled his involvement in the Memphis Design movement into profoundly revolutionizing the field of lighting design in both Italy and the world.

Born on Christmas Day, Gismondi began his career as an Aeronautical Engineer. Bringing industrial concepts, materials and finishes into lighting designs for both domestic and public space underlines Gismondi's adherence to meaningful innovation.

Recognizing his international contributions to the field of lighting manufacture, he was awarded a Compasso d'Oro lifetime achievement award in 1995.

## ↗ Contemporary

Ernesto Gismondi answered a need of the market when he designed Ilio. He stripped all formal digressions, reducing the design to a seamlessly simple and colorful cylindric structure that provides upward indirect lighting.

## ↗ Power

Despite its narrow profile, Ilio supports an LED optical engine on the top, which produces high-efficiency diffused indirect light emissions. With a flow of more than 2700 lumen and an 80% yield, it ensures the general lighting of an entire room.

# ↗ Ilio

## Technical Data

### Ilio Floor

●  
Black

Diffuser indirect. Touch dimmer located on body.

W	Voltage
45W	120V
