

7Pillows

Design Marcantonio

The 7 Pillows armchair is in solid beech wood, available in natural colour or paint in all colours as our colour card complete with 7 feather pillows with removable cover. This project was born with the desire to create a chair that tells how it is made, highlighting the crafts, visible in the completely open structure, and communicating the simplicity with which it is made stuffing. The ironic immediacy of cushions fixed with straps plays of contrast to the wooden frame, made entirely by hand.
