PRODUCT TYPE

Bed

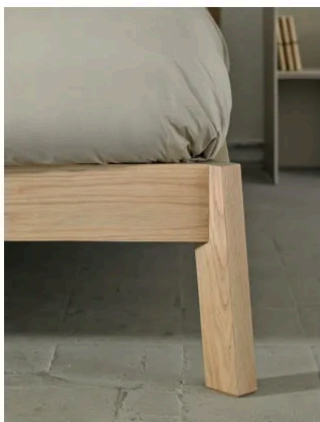

The Breda collection, composed of beds with and without canopy, is characterised by the strong presence of natural oak wood. According to Borja García “Breda takes us to a language of the artisan carpenter, where each texture is important and each element of its structure has its mission in the product”. Their robust elegance makes them essential pieces for both hotels and homes.

TIPOLOGÍA DE PRODUCTO

Cama

La colección Breda, compuesta por camas con y sin dosel, se caracteriza por la fuerte presencia de la madera de roble natural. Según Borja García “Breda nos traslada a un lenguaje propio del carpintero artesano, donde cada textura es importante y cada elemento de su estructura tiene su misión en el producto”. Su elegancia robusta las convierte en piezas fundamentales tanto para hoteles como para viviendas.

CONNECTING FITTINGS HERRAJES DE UNIÓN

WITH CANOPY CON DOSEL

The canopy beds are fitted on the inside corners with fittings consisting of a support where the corners of the bed base are fitted and supported. To fix the bed base, it is adjusted by means of a screw.

Las camas con dosel cuentan en sus esquinas interiores con unos herrajes compuestos por un soporte donde se encajan y apoyan las esquinas del somier, para dejarlo fijo se ajusta mediante un tornillo.

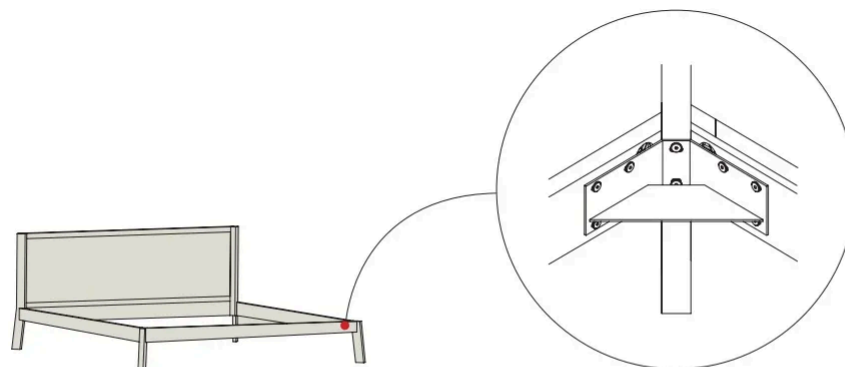

FITTINGS HERRAJES

* Distance between the wooden ring of the bed and the top of the bed frame.
Distancia entre el aro de madera de la cama y la parte superior del somier.

WITHOUT CANOPY SIN DOSEL

The beds without canopy are fitted on the inside corners of the canopy with a bracket to which the corners of the bed base are attached and supported.

Las camas sin dosel cuentan en sus esquinas interiores con unos herrajes compuestos por un soporte en los que se encajan y apoyan las esquinas del somier.
