### ERNESTO GISMONDI

---

The father of Artemide, Ernesto Gismondi propelled his involvement in the Memphis Design movement into profoundly revolutionizing the field of lighting design in both Italy and the world.

Born on Christmas Day, Gismondi began his career as an Aeronautical Engineer. Bringing industrial concepts, materials and finishes into lighting designs for both domestic and public space underlines Gismondi's adherence to meaningful innovation.

Recognizing his international contributions to the field of lighting manufacture, he was awarded a Compasso d'Oro lifetime achievement award in 1995.

## CONTEMPORARY

Ernesto Gismondi answered a need of the market when he designed Ilio. He stripped all formal digressions, reducing the design to a seamlessly simple and colorful cylindric structure that provides upward indirect lighting.

## VIBRANT

Available in a broad spectrum of colors, Ilio draws attention through its full-bodied, vibrant, and imposing colors.
