Art, Art Wood

"La base de la table Art est son élément le plus distinctif : elle est constituée d'un trapèze métallique qui passe en diagonale sous le plateau de la table, ce qui permet de minimiser l'encombrement et d'optimiser l'espace.
La structure de Art, ainsi conçue, se distingue par son dynamisme, sa solidité et son impact sculptural. Le plateau est solidement soutenu, mais l'effet visuel est d'une grande légèreté. La base d'Art, table moderne à rallonge, est en métal peint de différentes couleurs ; le plateau, dans la version fixe (rectangulaire, rond ou rectangulaire avec angles arrondis) ou à rallonge, est disponible dans différents matériaux : cette polyvalence permet de l'utiliser aussi bien dans la salle à manger que dans le bureau. La table Art se réinvente dans sa version avec base en bois (""Art Wood"")."
