

BONALDO

AX

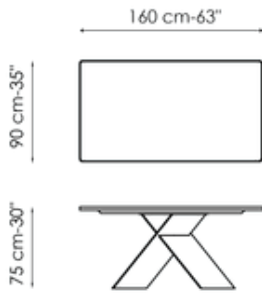

Designer: Gino Carollo

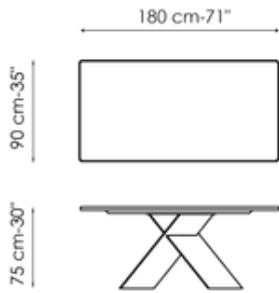

"La table à manger rectangulaire extensible AX adopte un design géométrique et linéaire, mettant en avant la simplicité et la solidité, soulignée par une base imposante. L'attrait du contraste des matériaux entre le plateau et les pieds rend toute décoration presque superflue, mettant en valeur la pureté du design et l'excellence artisanale de Bonaldo. La juxtaposition de matériaux très différents souligne le caractère contemporain du design : les pieds sont proposés en métal peint dans de nombreuses couleurs ou avec une finition brunie ; le plateau, disponible en versions fixe et extensible, est proposé en bois ou en céramique. Une console du même nom (AX Console) est également disponible pour créer des pièces avec un style coordonné."
